National Merit Scholarship Semifinalists Announced

On Wednesday, Sept. 28, Mr. Carter announced in chapel the name of this school's four National Merit Scholarship Semifinalists. They are: Nicholas R. Baum, John P. Chaffin, Richard King, and J. Morgan Kousser. These students are among thirty-three from Davidson County and approximately ten thousand across the nation that were chosen semifinalists as the results of tests given in the spring of the junior year. The semifinalists will take the College Board Aptitude Tests on Dec. 3, 1960, and if their scores bear out the scores on the first test, they will become finalists (approximately 85% of the semifinalists become finalists). If they become finalists, the winners of the scholarships will be picked on the basis of scores, academic promise, leadership, and outstanding interests.

The Merit Scholarship Program is now in its sixth year, having been founded in 1955 with grants from the Ford Foundation and the Carnegie Corporation. The National Merit Scholarship Corporation and sponsors have already given direct financial assistance to nearly 4,000 students and their colleges. The stipend of the scholarship ranges from \$400-\$6,000 depending upon the student's need. All Finalists receive Certificates of Merit attesting to their high ability, and the President of the Corporation, John M. Stalnaker, stated that, "Merit Semifinalists represent the most promising brains in the nation. From this group of able, attractive students will come the scholars and intellectual leaders of tomorrow."

Nicholas R. Baum was born in Tampa, Florida, and has since lived in several New York cities. In 1958, he came to Nashville, where he entered MBA. Subsequently, he has been active in the Math Club and on The Bell Ringer business staff, and this year has joined Junior Achievement. As he is interested in an engineering career, Nick plans to go to the Case Institute of Technology in Cleveland, Ohio.

John P. Chaffin was born in Nashville, but lived in Kansas, Texas, California, and Florida before coming back to Nashville in 1951. He went to Parmer School, and in the ninth grade came to MBA. John's major activities have been many. As a freshman, he was member of the Tennis squad, and entered the Freshman-Sophomore Speech Contest. As a sophomore, John was again active in Tennis and the Speech contest, and also entered the Optimist Club, Speech Contest and was member of the Rifle Team and Math Club. In his junior year, he played Tennis and was on the Rifle Team, in the Math Club, and a member of the Forensic Club and the Bell Staff, besides being a member of the Debate Team. This year John is a member of the Hi Y and Forensic Clubs. The Rifle Team, The Debate Team, the

Bell Staff, The BELL RINGER Staff, and has joined Junior Achievement. John plans to attend the University of Tennessee and Auburn and to become a veterinarian.

Richard King was born in Rochester, New York, but has lived most of his life in Milwaukee, Wisconsin, from which he came in March of his Freshman year. In his Sophomore year, Dick was Treasurer of his class, a member of the Student Council and the Math Club and of the Track and J.V. Football squads. As a Junior, he was on the Honor Council, is Secretary-Treasurer of the Key Club, and a member of the Bell staff. His other activities include membership in the Alpha Chi Fraternity and St. George's Episcopal Church, where he has served for two years as Vice President of the House of Young Churchmen. He has been Treasurer and Second Vice President in the District of Nashville of the Episcopal Church. As to college choice, Dick is of yet undecided, but he wishes to enter a school that will allow him to prepare for a career in engineering or the technical sciences.

J. Morgan Kousser was born in Lewisburg, Tennessee. He later moved to Indianapolis, Indiana, Chicago, Illinois, and Nashville, Tennessee. He entered MBA as a sophomore. In that year, Morgan was in the Math Club, won the Speech Medal, and won 2nd place in the Freshman-Sophomore Speech contest. He also played J.V. Baseball. During his junior year, he was member of the Math Club, Forensic Club, Debate Team, and the BELL RINGER staff. In that year, he also won the English medal. This year Morgan is Assistant Editor of the BELL RINGER, a member of the Debate Team, and Vice President of the Forensic Club. He plans to attend either Harvard or Princeton. Morgan is undecided between a career in law or politics.

Morgan Kousser, Ray Francis

M.B.A. Clubs Under New Leadership

The various clubs at M.B.A., both honorary and elective, are now operating under new staffs of officers. These outstanding groups of upper-classmen promise their respective organizations excellent leadership during the school year.

Heading the Forensic Club this year are Allan Terry, president; Morgan Kousser, a talented debator, vice-president; and Dee Metcalf, secretary-treasurer. Program chairman Allen McDaniel promises us many enthralling assembly programs throughout the year.

The Key Club, an honorary leadership organization, is composed of civic-minded sophomores, Juniors, and seniors. The officers for 1960-

and was valedictorian of her class. She graduated cum laude in January, 1960, at Vanderbilt University. During previous summers Miss Morris has studied at the University of Colorado and at Harvard.

Mr. Rolly Harwell has joined the English and history departments. He is a graduate of Vanderbilt university, where he received his B.A. degree in 1955. He has had experience at the Searing School in New York and at the Hawaii Preparatory Academy in Hawaii.

We welcome the new teachers to our staff and look forward to their contribution to M.B.A. and the community.

Rick Carter

61 are Doug Ligon, president; David Walker, vice-president; Dick King, secretary-treasurer; Tommy Worrall, senior representative, and Joe Binkley, Junior representative.

Some of the school's distinguished athletes are in charge of the Hi-G Club this year. These are president, Allan Terry; vice-president, David Walker; secretary-treasurer, Tommy Worrall, and chaplain Rhodes Zimmerman.

Cornelius Appfel

One Man's Opinion

There are excellent reasons why homework should not be assigned for weekends. Five days devoted to school are enough for teenagers who have many other praiseworthy interests. With homework for Saturday and Sunday, when can we find the time to help our parents, go shopping, go to a football or a baseball game, see a worthwhile movie, watch good television programs, or just relax? In the second place weekend homework is left until Sunday night unless we are rare people who sit down to do it on Friday night in spite of basketball, dates, and parties. Week-end homework is usually done so poorly that on Mondays teachers threaten to fail whole classes of students who haven't the haziest notion of what the lesson is about. If we had no homework to haunt our weekends, we would go to school on Monday fresh, and willing to work with vim. What do you teachers think about this idea?

Dudley Warner

New Teachers on Hill

Montgomery Bell Academy is very fortunate in having made several additions to the regular teaching staff.

Mr. Morgan L. Stapleton, a graduate of Indiana University, is teaching mathematics and science. Since he has done graduate work at David Lipscomb College and has taught in the Lipscomb summer school program, he comes to the Hill thoroughly equipped in mathematics and science.

Miss Lynne Morris heads the Spanish Department and is teaching French I. She is a graduate of Vanderbilt University and has majored in modern languages. Miss Morris graduated from Cullman High School in Cullman Alabama,

School Spirit

Morgan Kousser

To say that cheering and the amount of noise produced by the cheering section in sports events are of great importance to the morale of the team is almost trite. It is also self-evident that it is extremely easy to cheer for a winning team. Since becoming a member of the student body, I have seen the morale of the student body explode only a few times; one of those times was in the second half against Ryan. This year, we are fortunate enough to have boys as well as girls who are really concerned about the cheering—concerned enough to try to help MBA win in morale—concerned enough to become cheerleaders. It is apparent that MBA, a small school compared to most, will almost never have the edge in number of cheering people. But the main part of other school's cheering sections are girls, and it is a known fact that the boys can cheer louder than girls. Our problem, then, is to unite behind the cheerleaders, and to cooperate with them, if we do this, we will be able to hold our own with anyone. If we come to games with the fact in mind that we can contribute to the morale of the team, and to the ultimate victory, I think our spirit will improve.

Kennedy's Trip To Tennessee

On Wednesday, September 21, John Kennedy, Democratic Presidential candidate, toured the state of Tennessee, speaking at Tri-Cities, Knoxville, Nashville, and Memphis. Speaking at Tri-Cities and Knoxville, he lashed out at Vice-President Nixon for his turning his back on T.V.A.; then he came on by plane to Nashville, where he was greeted at the airport by a tremendous motorcade of enthusiastic, and, for the most part, youthful supporters. I was the M.B.A. representative at this gathering. The motorcade, led by the convertible in which Senator Kennedy rode, poured into town to receive an extremely enthusiastic ovation from supporters in Memorial Square, as well as waves from many people along the streets.

In his speech at Memorial Square, Kennedy stated that the years of the Eisenhower Administration have been marked by "stagnation and vetoed in nearly all the respects of our national life." He called his policy of the New Frontier "The challenge to all Americans to rebuild our nation and our national strength—to strive towards new heights of greatness—to start America moving again. "Our program, 'we went on,' is to build the strength of this country and to build its domestic economy. I don't say life will be easy if the Democrats win this election, but I say that this area, this country will move again. I ask your help in this campaign as we cross the new frontier into The 60's." In regard to the statements Mr. Nixon made the previous day concerning a moratorium on criticism of American policy for the period of Mr. Khrushchev's stay in the U.S., Mr. Khrushchev was not impressed by words at speeches or debates, but only by "strength, power, and our vitality as a free society."

Morgan Kousser

Improvements On the Campus

Many improvements have been effected on the campus during the past summer. Many of the improvements are minor and might go unnoticed; nevertheless, they are necessary in maintaining a first-rate physical plant for M.B.A.

The most important changes were the painting of several buildings and the renovation of the dining hall. All woodwork and metalwork on the exterior of the Ball Building were repainted. The doors of the Curry Gymnasium and the entrance to Study Hall were also repainted. The oft-painted cannons received a new coat—as did the flagpole through the aid of the Nashville Fire Department.

In the dining hall, the plastering and painting of the walls was completed. The steps of the dining hall were covered with a rubber mat which was already on the other steps in the Ball Building. In addition, five of the old tables were replaced with formica-top tables and individual folding chairs. Present plans call for other improvements in the dining hall in the near future.

Other improvements included the placing of new desks in Mrs. Thompson's room and the opening of another classroom in the Science Building for Miss Morris.

In addition many improvements have been made outside. All the tennis courts have been resurfaced. The wiring has been replaced on the scoreboard. Numerous sections in the grandstand have been repaired. Also much money has been spent for pruning and removing trees on the campus.

Now that we are all aware of the improvements, let us do our part in maintaining M.B.A.'s fine facilities.

Nixon's Trip To Tennessee

On Thursday, Oct. 6, about twenty thousand people gathered at Memorial Square to greet Vice-President Nixon on his first visit to Nashville. Present on the platform were the Olympic Gold Medal winners from Tennessee Agricultural and Industrial College.

After an excellent introduction by Mr. James Stahlman, editor of the Nashville Banner, Mr. Nixon welcomed the crowds and proceeded to set forth the Republican position during this campaign. He offered as proof of the Republic's success the great number of schools and hospitals built and the number of jobs secured during the Republican administration of the past eight years. He favored limited federal spending for the coming years in regard to domestic affairs because he is in favor of state and local solution of problems and federal intervention only when absolutely necessary.

As to the question of civil rights, Mr. Nixon stated that Mr. Khrushchev "who has enslaved millions and slaughtered thousands" should not be able to come to our country and say that we are not granting civil rights. Thus it is necessary that we secure conditions that all men are granted equal opportunity as provided by the Constitution.

Mr. Nixon went on to add that this country is at a high in international prestige, as is evidenced by the defeat of the Communist block at the recent meeting of the United Nations, but during the next ten years we can and must progress in order to remain the inspiration of the free world.

CHERS Lecteurs

Les Nouvelles

Alors-nous voici! L'année scolaire a recommencé et les vacances sont déjà finies. On a dit: "C'est l'heure d'étude et du travail."

Comme ces mots sont vrais! (surtout dans les classes de français)

A cause de leur étude, les élèves de français sont très intelligents.

C'est évident. Ils comprennent la langue française mieux que d'autres langues (surtout l'expression "Permettez vos livres et prenez une feuille de papier")

Pour ces savants, chaque mois ce journaliste écrira quelques mots intéressants de la belle France et des français.

Sevez-vous que le français est le langue des diplomates dans le monde entier? Savez-vous que le français est la langue employée pour annoncer les événements, les champions, et aux Jeux de l'Olimpiade? Savez-vous que le français est toujours la langue d'amour. Quel sujet intéressant l'amour! Si vous avez l'intention d'aller à Paris, il est possible que vous ayez l'occasion de dire des mots d'amour. Les jeunes filles de Paris ne comprendront jamais les expressions Américaines comme celles-ci: "One mo' once. You're somethin' else."

Vous avez qu'il faut être très subtil—mois trop subtil. Comme la chanson dit—il faut deux pour l'amour—mais deux qui parlent la même langue! Et bien—comment faire le cour aux jeune filles de Paris? Je vous en dirai quand j'aurai étudié plus le français.

"Voudriez-vous m'accompagner à la classe de français? Plait-il?"

Vous connaissez une belle jeune fille espagnole? Dans ce cas, voyez Senorita Morris ou peut-être un de ses élèves—c'est à dire Señor Beard ou Señor Williams. Je suis sûr-qu'ils savent faire la cour en toutes les langues."

WORRALL IN ACTION

Fall Tennis

This fall, the M.B.A. Varsity Tennis Team, capably led by Mr. Rule and Mr. Poston, has a busy schedule. The team consists of Steve Ward, Bobo Buntin, Dudley Warner, Johnny Glover, Cris Williams, Frank Bass, Eddie de Zevallos, Frank Wentworth, Jim Braden, and manager Ray Francis.

The team opened its schedule by beating Sewanee Military Academy at Sewanee on October 1, 5 to 4. This match was won from a strong adversary.

The next match is with Columbia Military Academy followed by a return match with Sewanee at M.B.A. This season Mr. Rule also hopes to get matches with Battle Ground Academy.

This spring, Mr. Rule has high hopes for his netters as they play against such strong teams as Darlington, Westminster, Chattanooga City, and others. It can also be assured that the Big Red will try to take the N.I.L. tennis championship as it has for sixteen straight years. Some of the tournaments that the teams will enter are: the Southern High School Tournament at Chattanooga, the T.S.S.A.A. Regional Tournament, which M.B.A. completely dominated last year, and the City Tournament.

Eddie de Zevallos

Freshman Football News

M. B. A. 0 RYAN 20

1. Ryan's offense was held scoreless until the second half. In the second half, Ryan scored three times, twice on plays from scrimmage and once on a punt return. Although the M.B.A. offense worked hard it was unable to score.

M. B. A. 0 MADISON 0

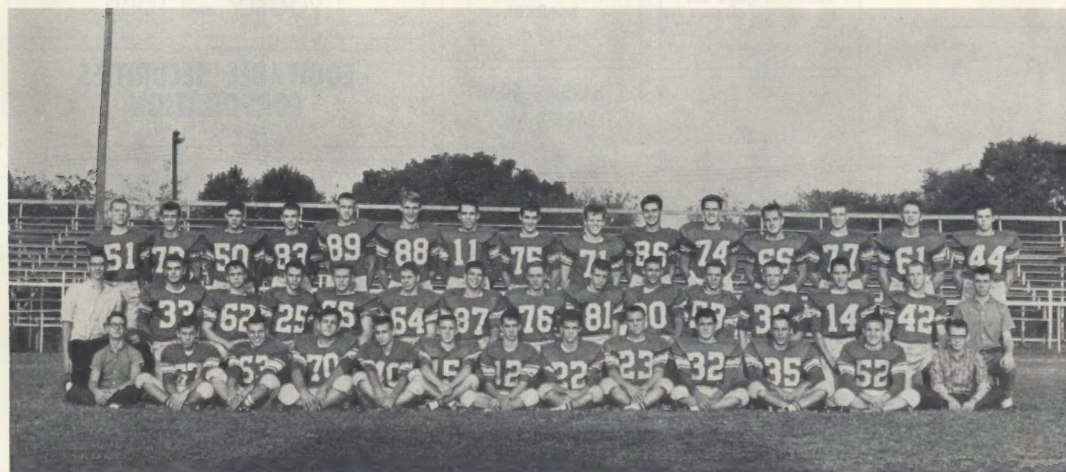

2. In the second game of the freshman season the team held the Madison frosh to a nothing to nothing tie. It was a hard fought battle. M. B. A. once reached the three yard line but was unable to score. The defense did a fine job in stopping the Madison attack.

M. B. A. 19 MAPLEWOOD 0

3. The M. B. A. freshman won their first victory of the season Wednesday, Oct. 12. M. B. A. moved the ball to the four yard line late in the first quarter. There Leslie Bedford carried the ball over the line for the score. Later in the game, James Lowenthal carried the ball around left end for the second score. The final score came when Jimmy Ezzell made a one yard plunge to make the score 18 to 0. Gordon Smith then kicked the extra point finishing the scoring. The defense did a very fine job in holding Maplewood scoreless.

Leslie Bedford

"THE BIG RED"

Personalities of the Month

David Walker

We are privileged to announce that David Walker has been chosen as Personality of the Month.

David has been at M.B.A. since the Seventh Grade. Before that time, David attended Julia Green. In his first two years at M.B.A., David played J.V. Football, freshman basketball, varsity baseball, and in his sophomore year was on the track team.

In his junior year, David played Varsity Football, and was All-City and All-AAA. He was again on the track team and also made the wrestling team.

In this, his senior year, he is captain of the football team, and expects to wrestle during the winter and to run track in the spring.

Listed are a few of his many achievements and honors. For three years he has won the math medal. In addition, he has won two Latin medals and a Spanish medal as well as the English I and English II medals. In science he is also outstanding, having won the General Science and Chemistry medals. He has been a member of the Junior and Senior Honor Societies for three straight years and was in the Math Club in his sophomore and junior years.

David was class treasurer in his junior year, and is president of this year's Senior Class. He is also vice-president of the Key Club and Hi-Y Club and is president of the Totomoi Honor Society. In his junior year David was chosen as best citizen of the junior class, which is one of the highest distinctions awarded to a junior.

David also takes part in activities outside of M.B.A., such as being vice-president of the Methodist Youth Fellowship at Calvary Methodist Church, and sergeant-at-arms of the Alpha Chi Fraternity.

One can see easily why David has been chosen as Personality of the Month, and one can also realize that David will be a success in whatever career he chooses, since he excels in anything he undertakes.

Bobby Fox

Allan Terry

It is with great pride that Allan Terry has been chosen as Personality of the Month for the opening issue of THE BELL RINGER. Allan has acquired a fabulous number of accomplishments during his years at MBA and it is for this reason that he has been chosen.

During his eighth grade year at Hill School, Allan was president of his class and captain of the football team. When he entered M.B.A. he was promptly elected to the Honor Council. He has been a member of the BELL RINGER and Key Club for three years. Allan served on the Honor Council his freshman year and has been on the Student Council for the last three years. In his Sophomore year he was elected president and was presented the Outstanding Sophomore Award. His Junior year, Allan was tapped for membership in Totomoi and is now Sect. Treas. of this honor. Having been a member of the Hi Y and Forensic Clubs, Allan has been elected President of both of them. In athletics, Allan has played J. V. football for two years and varsity football his junior and senior year.

Allan is a member of Westminster Presbyterian Church and also is treasurer of the Alpha Chi fraternity. His outstanding achievements and his concern for other people has made him a most worthy personality in this year's senior class of 1961.

Ross Peebles

Camille Walker

The BELL RINGER wishes to salute Camille Walker as Girl of the Month. Camille, who has been chosen as an attendant in the Queen's Court for Homecoming, has brown eyes, an olive complexion, and a bubbling personality. She is well known on the MBA campus, having been a cheerleader for three years and a spaghetti supper waitress for four. She served as the Golf team sponsor when she was a Freshman and was the N.L. "Sweetheart of the Week" in her Sophomore year.

Camille went to Woodmont Elementary School where she was a cheerleader and made the All-Tournament Basketball Team in her last year there. At Harpeth Hall she was a member of the Athletic Association and won the Archery medal the past two years. This year she is a senior at Peabody Demonstration School.

Camille has been very active in her sorority, Kappa Delta Theta, and now served as the Panhellenic Council Representative.

It is truly an honor for the BELL RINGER to name Camille Walker as its Personality of the Month.
